**Exceptions and Additions to Arrowhead Gulf Coast Midstream, LLC's L.P.S.C. No. 1.0 and reissues thereof:**

Item 12 - In lieu of the overage or shortage provisions contained in Item 12, the following provisions will apply:

The following two options apply to pipeline loss allowance:

Option No. 1: Two-tenths of one percent (0.2 of 1%) will be deducted from all Crude Petroleum received for transportation at point of origin and retained by Company to cover losses due to shrinkage and evaporation incident to pipeline transportation, and the net balance will be deliverable to Consignee.

Option No. 2: No loss allowance shall apply.

All receipts of Crude Petroleum and indirect liquid products having an API gravity of 45 degrees or above shall also be subject to a deduction to cover shrinkage and evaporation. Such deduction shall be determined in accordance with the following table:

<u>API Gravity, Degrees</u>	<u>Deduction For Incremental Evaporation &amp; Shrinkage</u>
45.0 through 54.9	0.5%
55.0 through 64.9	1.0%
65.0 through 74.9	1.5%
75.0 and above	2.0%

- Item 20 - In addition to the provisions contained in Item 20, the following provision will apply: Company will require Shipper to supply its pro rata share of Crude Petroleum to fill Company's facilities.
  
- Item 21 - The Quality Bank does not apply to the movements listed herein.
  
- Item 22 - In lieu of the fee imposed on intrasystem transfers contained in Item 22, the following provision will apply: Intrasystem transfers will be allowed at a fee of two hundred dollars (\$200.00) to be charged to the transferee.
